

he declared, "and its members should therefore be able to give their reasons for it."

After quoting from the opinions and submitting statistics to show that the rate reductions had not crippled the companies, he said that regulation was needed; that the reduction had been applied to a department which could best stand it, and could most easily recuperate, and that it had redounded to the benefit of every class of people in the State.

He denied emphatically that it had anything to do with the depression in stocks, and proceeding, said: "I want to caution you business men against the idea that this was the time for any step backward. The hands of the State have been conservatively laid upon these public service corporations and should not be taken off."

"If they come and ask any curtailment of State regulation they must give some better excuse than that they have been hurt by conservative rate reduction."

"This work was not radical. It was not done in an spirit of hostility or threat. The State has a right to control public utilities, and it is the duty of the State to control them. If the State does not control them they will control the State. There can be no middle ground."

"I would not persecute the railroads. They should have a square deal and stand on the same footing with other business interests, but they should be made to observe the laws of the State. They should be made to perform their duties and to bear their proportionate share of the burdens of government."

SEIZE AMERICAN CITIZEN

Nicaraguans Imprison Son of Cuban General Maceo, Despite Protests.

SAN FRANCISCO, CAL., November 8.—Seized by a detachment of Nicaraguans after being driven out of his hiding place on the Pacific mail liner San Juan, at Corinto, Elzard Maceo, an American citizen and son of a famous Cuban general, was captured during the outward trip of the San Juan from this port and thrown into prison at Managua, Nicaragua, despite the protests of the Brazilian minister to the peace conference and of 200 American passengers. This word was brought to-day by the official telegram from the Nicaraguan government. Maceo, who several years ago led a revolution against Nicaragua, traveled under the name of Morris. He was found after a search by an armed force of Nicaraguans in his cabin, with a revolver pressed to his temple.

THREE THOUSAND PERISH

Official Reports of Turkish Landslide Show Appalling Fatality.

ST. PETERSBURG, November 8.—A dispatch received here to-day from Samarkand by the official telegraph agency, says that a special representative of a local paper, who was sent to Kizilash in the Hisar district of Bokhara, which was destroyed by a landslide following the earthquake of October 21st, reports that 3,000 persons perished and only seven escaped.

Another Disaster Quake.

MADRID, November 8.—A violent earthquake has occurred at Torre la Ribera, in the province of Huesca. The earth opened, leaving great fissures, the disturbance being accompanied by subterranean rumblings, which caused a panic among the people. Many houses were shaken down. The number of lives lost is not known.

PERSONALS AND BRIEFS.

The following Richmonders are registered at the Brestlin Hotel in New York City: Messrs. Gordon Wallace and C. D. Birchard.

Miss Nora Houston has sailed from New York for Paris, France, where she will spend a year in the study of art. Miss Houston's family and friends in Richmond will follow her course with the deepest interest and the most cordial good wishes for her success.

Miss Taylor, of Wilmington, N. C., who has been enjoying a most delightful visit to her sister, Mrs. C. E. Borden, will return to Wilmington this week.

Mr. and Mrs. Bernard Guest have returned from Sabie, Italy, Richmond county, where they attended the Guest-Welford wedding on Wednesday last, and Mr. Guest was best man to the groom.

Mr. and Mrs. Richard Beck, whose wedding was celebrated at Radford, Va., on Wednesday last, will return to Richmond and make their home at No. 2523 Venable Street.

The subject of Rev. Dr. Ramsey's sermon at Grace Street Baptist Church in the morning will be "The Magna Charta of Prayer"; night subject, "Past Feeling."

OLD DOMINION SHIP AFIRE

Steamship Jefferson Sends Wireless Message for Fireboat's Aid.

NEW YORK, November 8.—With her crew of thirty bravely fighting flames in her hold, the steamship Jefferson, of the Old Dominion line, from Norfolk, came up the bay this afternoon and entered her slip in the North River. There were sixty-three passengers aboard her.

On DeForest wireless, the Old Dominion Line office had received the following message from Captain I. Dole:

"We have fire in our No. 2 hold. Have fireboat at pier. Have steam turned on."

The fireboat Seth Low was awaiting the steamship, as had been requested, and the flames were soon extinguished when she docked. The vessel was not slightly damaged.

Guthrie Hotel Burns.

ONEONTA, ALA., November 8.—Fire, which broke out shortly after noon to-day in the Guthrie Hotel, destroyed the hotel and a large livery stable. The loss is estimated at \$15,000.

Tell Them You Know!
You may tell your friends, on our "say-so," that when they buy a package of the genuine Arbuckles' Ariosa Coffee they get the best of the coffee trade.

No coffee of equal quality can be sold in this town for the same price, whether it be sold out of a bag or a bin, or under some romantic trade-mark. You may tell them you know and that Arbuckle Brothers, the greatest coffee dealers in the world, will stand for it.

No Unusual Activity.

Colonel Chapman does not think the department is more active than usual along the line of running down violators of the revenue laws, and he declares that Mr. Gates's presence in the State is not at all unusual.

"Mr. Gates was formerly a field man," declared Colonel Chapman. "He is fond of field work, and whenever he can spare the time from his office in Washington he gets out to see how the work is progressing."

"We are working all the time, and are catching up with violators every now and then," continued Colonel Chapman.

"We have made no more seizures recently than usual. The only difference is that more of our captures have come to public notice recently than heretofore. The sixteen seizures reported in the papers from Staunton were not made within a day, nor a week, nor a month. They perhaps represented the work of four or five, and perhaps six months."

Colonel Chapman is satisfied with the way things are going out in the field, and declares that the men are doing all in their power to break up collusion and all other forms of infraction against the revenue laws.

NEWS TO COLLECTOR SUMMERS.

Says He Is Not Aware of Unusual Losses to the Government.

(Special to The Times-Dispatch.)

BRISTOL, TENN., November 8.—L. P. Summers, collector of internal revenue for the Eastern District of Virginia, and whose district comprises the whole of Southwest Virginia—the Fifth, Sixth, Seventh and Tenth, and part of the Eighth Congressional Districts, fifty-five counties in all—was asked to-day regarding the news from Washington about alleged irregularities and frauds on the part of distillers, by which the government is said to have lost probably \$2,000,000 in revenues. Mr. Summers declared that the whole affair was news to him; that he had heard absolutely nothing regarding a general raid.

Continuing, he said: "Of course, there is always more or less of fraud being practiced in connection with the operation of distilleries, and it is a part of the business of my office to catch up with such frauds and irregularities and to bring the violators of law to justice. I have fifteen deputies, who are all the time busy with this class of work, and who find more or less to do, but so far as any demand for a general raid is concerned I am not aware of any. There has not been a single distillery seized in my district within the last ten days, regardless of any reports that may have gone out to the contrary. My force of deputies are going ahead with their duties and are unearthing frauds from time to time in connection with the distilleries in the district. These troubles have always existed in connection with the manufacture of whiskey, but as to whether there has been anything like a loss of \$2,000,000 to the government from that source in Virginia is, in my opinion, more a matter of conjecture than anything else."

FINED FOR FLYING FLAG

Cheapskate Steamer Captain Entered Plea of Guilty.

NORFOLK, VA., November 8.—Captain Frederick Posey, of the Washington day steamer Newport News, indicted for flying the United States mail flag on his steamboat when he was actually carrying mail, to-day entered a plea of guilty before Judge Waddill, denying intent to violate the statute, and was fined \$100.

GREAT SHIP SUIT SOON TO BE TRIED

Case Involves Constitutionality of the Interstate Commerce Law.

Times-Dispatch Bureau, Munsey Building.

Washington, D. C., Nov. 8.—The case of the Cosmopolitan Shipping Company against the Hamburg-American Packet Company, the North German Lloyd Steamship Company, the Wilson (Hull) Line and the Scandinavian Lines, which involves the constitutionality of the interstate commerce law, and which promises to be one of the biggest cases of recent years, has been set for hearing by the Interstate Commerce Commission on December 3d. The leading counsel for the defendants, the principal of which is the Hamburg-American Packet Company, in which Emperor William of Germany is heavily interested financially, is John C. Spooner, former United States Senator.

He will enjoy the distinction of having had a principal hand in the making of the law, and then seeking to have it declared unconstitutional.

The steamship lines' attack constitutes what is known as the "Baitle Pool." It fixes rates in conjunction with the big American railroads on all incoming and outgoing freight through the ports of Boston, New York, Philadelphia, Norfolk and Newport News, and at the same time apportions all incoming and outgoing freight among the various lines constituting the pool, allotting to each a given percentage of the business, and is alleged, preventing the independent line from getting a share of the shipping business.

This control of rates and shipments applies to all European cities within the range of the lines in the pool.

The plaintiff claims that the pool is in violation of the interstate commerce law and the Sherman anti-trust law. It recites the fact that the Hamburg-American Packet Company enjoys the imperial patronage of the German government, and that it is the biggest shipping line in the world, having more than a million tons registered.

The original petition set forth is that the Hamburg-American is a special pet of the German government. When the commerce law was passed, there was a knitting of brows, and it was finally decided that in the interest of peace and amity between "Teddy and Willie" it ought to be withdrawn, and requested the complainants to do so. This they readily agreed to do.

NEW RECORD DESPITE GALE

Lusitania Bears Marks of Stormy Passage, But Makes Speed.

NEW YORK, November 8.—The marvelous record established less than a month ago by the giant turbine steamer Lusitania, when she cut several hours' passage time across the Atlantic, already has been broken by the Lusitania, still retains the title, "Queen of the Seas," as it was she herself that established the new low mark. On her last voyage the Lusitania covered the distance in four days, nineteen hours and fifty-two minutes.

The voyage across the Atlantic, course, was completed in four days, eighteen hours and forty minutes, the clipping one hour and twelve minutes from the previous low mark, and this was done in the face of conditions none too favorable.

In the Lusitania's cargo vaults was stored nearly \$12,000,000 in gold, more than a quarter of the immense total which has been engaged abroad by American bankers since the present almost unprecedented movement began.

The Lusitania bore several scars to show the severity of the passage. One heavy sea, which broke against the ship's tail side, was enough water to break against her wheel-house to break in several windows, one of the clutches holding a derrick fifteen feet above the water level, was broken, and the derrick was pulled out. Her decks were repeatedly washed by the seas. While the gale raged, the passengers were kept in the cabins out of danger.

NO MONEY FOR SOUTH

Cortelyou Goes to Relief of West, But Does Not Help Dixie.

(Special to The Times-Dispatch.)

WASHINGTON, D. C., November 8.—It is understood that Secretary Cortelyou has about decided to withdraw several millions from New York and deposit it in certain Western banks. The money so deposited will represent a considerable portion of gold importations which arrived this week by the Lusitania. The deposit of funds in banks of the West is in line with the recent suggestion of Senator Heyburn, of Idaho, to the President, that the Treasury Department take care of the banks of the West as well as those of New York and Pittsburgh.

Similar suggestions, made some days ago by Representative Burleson, of Illinois, and by Representative Gillespie, of Texas, and made yesterday by Governor Swanson, of Virginia, that the banks of the South be given some help in these stringent times, were turned down.

NEARLY LYING IN NAVY

Negro Fireman Slashes Coal-Passer and Sailors on Rhode Island.

NEW YORK, November 8.—But for the prompt action of the marine guard of the battleship Rhode Island, now in the Brooklyn navy yard, might have been a negro lynching by sea on board. E. Lewis, a negro second-class fireman, becoming engaged in an altercation with T. H. Anthony, a negro coal-passer, drew a razor and seriously cut Anthony in the abdomen. Sailors Baker and Fries received painful slashes across their arms and wrists trying to disarm the negro.

The commotion caused blue-jackets from every quarter of the ship to rush to the galley. When they were ordered "String him up!" The marine guard was summoned and rescued the negro. Anthony has little chance of recovery.

ELECTION BETS FREE CASH

Half a Million Tied Up by Wagers on Cleveland's Contest.

CLEVELAND, November 8.—The local money market felt the effect of Tuesday's mayoralty election, when \$500,000 that changed hands began to circulate. Much of this money had been tied up for several weeks in wagers made through commissioners in cash or certified checks, financial circles felt the stringency.

At the opening of the campaign the odds were 50 to 100 on Burton and went to 50 to 100 the night before election. In the hour of the election, wagers alone \$300,000 was wagered and the balance in the outlying wards. Toward the end of the campaign the betting sagged, as the Burton people seemed to have all their cash up. The result was that cash was rendered scarce.

SUE FOR RICH LANDS

Mrs. Hannan to Bring Action Against Messrs. Elkins and Davis.

(Special to The Times-Dispatch.)

NEWPORT NEWS, VA., November 8.—Mrs. Harriet Sparks Hannan, for many years a resident of Washington, D. C., and well known in that city, is here for the purpose of instituting legal proceedings against Stephen H. Elkins, Henry G. Davis and other well known persons who are in unlawful possession of a large tract of mineral and timber land in Tucker county, W. Va., of which she alleges they are in unlawful possession. Mrs. Hannan says that she has documents which establish her claim to the land beyond question. The property for which she is suing is said to be in one of the richest mineral and timber sections of the State. Years ago it was the property of her father, after his death, Mrs. Hannan alleges, it was disposed of unlawfully, and came into the hands of its present holders by means which were illegal. The land is valued at hundreds of thousands of dollars. Mrs. Hannan is seventy years old, but mentally and physically is as vigorous as a young man. She expects to leave for Richmond in a short time, and upon reaching that city will begin proceedings against the millionaire West Virginians.

BANDITS GET BIG BOOTY

Seven Armed Men Blow Up Bank Safe and Get \$25,000.

CANOWA, S. D., November 8.—Seven armed bandits early to-day blew up the safe in the Interstate Bank, secured \$25,000 and escaped. The occupants of a hotel across the street were aroused by the explosion, but the robbers opened fire and drove them back. The hotel was riddled with bullets and the owners to extinguish them.

Where lights were burning in homes the bandits at the point of the gun forced the owners to extinguish them.

ASKS FORTUNE FOR SCALP

Youth Sues Animal Dealer for Injury Received in Store.

NEW YORK, November 8.—Isidor Duchoff, thirteen years of age, is suing Bernard Ruhl, a Grand Street animal dealer, before Justice Dayton, and a jury in the Supreme Court, for \$10,000 damages for the loss of four square inches of his scalp.

The boy testified that he was sent by his mother to the defendant's store two years ago for bird seed. He passed a cage in which were two leopards. One of the leopards leaped at him, he said skin-grating operations had not been successful.

CUT WIFE'S HEAD OFF

Husband Finding Her With Another Man, Thus Wreaks Vengeance.

HUNTS, TEX., November 8.—The eight-year-old daughter of Matthew W. Anderson, a railroad clerk, early to-day found the dead body of her mother in the kitchen of their home in Houston Heights, her head almost completely severed from the body, the plaintiff's mother dead at the hands of her husband.

An unsigned note from the husband stated that returning home at an earlier hour than usual to-day, he found another man in his home and this being the second such occurrence, he felt obliged to wreak vengeance on "my only love." Anderson has disappeared.

REVIEW IN HAMPTON ROADS

President to Inspect Great Battleship Fleet There December 10th.

WASHINGTON, D. C., November 8.—It was announced at the White House to-day that the President will review the Atlantic battleship fleet in Hampton Roads December 10th, the day of the sailing of the fleet for the Pacific. Further details of the review are obtainable at this time, and it is stated that they have not yet been decided upon. The President probably will leave Washington for Hampton Roads on the evening of December 15th.

HIS SIXTY-FIRST

Sergeant Oley Works on His Birthday as on Any Other.

Sergeant Oley, of the First Police District, yesterday celebrated his sixty-first birthday. The celebration did not consist of anything out of the ordinary, and he passed the major portion of the day working away quietly at his desk. Sergeant Oley has been a good officer, and he expects to give many years of service to the Police Department before he enters upon the retired list.

NEGRO IS SENT TO JAIL; JAP GOES TO HOSPITAL

MANILA, November 8.—A Japanese and an American negro had a fight at Olanguap over the right of the Japanese to place his national flag higher than the American ensign on the birthday of the Emperor of Japan. The negro was arrested and the Japanese was sent to the hospital.

TO ELIMINATE NEGRO

Maryland Democrats to Follow Example of Other Southern States.

BALTIMORE, MD., November 8.—Democratic party leaders realizing that their majority in the next Legislature will enable them to do so, have taken definite steps looking to the introduction of the amendment to the State Constitution which will disfranchise the ignorant negro vote in Maryland. Isaac Labe Strain, of the Maryland general-elect, says that he has been requested to make a thorough examination of the constitutions of all the Southern and some of the Northern and Western States with a view to framing an amendment to the Constitution of Maryland that will be acceptable not only to the regular Democrats, but also to the independents and to liberal-minded Republicans as well, and that he will do so.

PLOUGHS INTO FREIGHT

Lackawanna Passenger Train Wrecked and Two Men Killed.

BUFFALO, N. Y., November 8.—The fast eastbound passenger train on the Lackawanna, which left here at 11:30 last night, ploughed into a freight wreck near Fargo, early this morning. The passenger engine, baggage and mail-cars were wrecked. Engineer William E. Hammond was killed; Fireman H. J. Thompson was badly hurt. Several train hands were slightly hurt. None of the passengers was seriously injured.

LOSES VALUABLE LACES

West Virginia Woman Had Them on Exhibition at Jamestown.

(Special to The Times-Dispatch.)

PITTSBURGH, PA., November 8.—Mrs. Louisa Bernstein, of Gratons, W. Va., bewails the fate of three magnificent pieces of art needlework, which were stolen from the exhibition halls of the Jamestown Exposition. Mrs. Bernstein had spent half her lifetime on the work, and they had won prizes in several exhibitions.

Virgil A. Lewis, State archivist, was communicated with, but no trace of the laces could be found. She may take legal action to recover their value.

Be Sure

Do not trust too much to your own judgment in medical matters. Consult your doctor frequently. He knows best.

Hard colds, hard coughs, severe bronchitis, weak throats, weak lungs. We wish you would ask your doctor if he knows of anything better for these troubles than Ayer's Cherry Pectoral. We believe it is the best medicine you could possibly take. But ask your doctor, and thus be sure.

ALLIED COMPANIES DRAGGED DOWN, TOO

Embarrassment of Arnold Print Works Seriously Affects Several Corporations.

LIABILITIES TEN MILLION

Nearly Ten Thousand Employees Are Out in Co-related Companies' Receiverships.

PITTSFIELD, MASS., November 8.—Announcement was made to-day that Henry B. Warner, who on Wednesday was appointed receiver for the Arnold Print Works, of North Adams, has been appointed receiver for the Williamstown Manufacturing Company, of Williamstown, Mass., and of the firm of Gallup & Houghton, of North Adams. Both concerns were affiliated with the print works and with the North Pownal Manufacturing Company, of North Pownal, Vt., which yesterday passed into the hands of Mr. Warner as receiver. About 6,000 persons are employed in these mills.

The mills involved are the Eclipse, directly under the management of the Arnold Print Works, and employing 1,500 hands, and the Beaver, under the direction of Gallup & Houghton, and employing 500 hands. Both mills being in this city; the Williamstown company, a separate corporation, but with Arnold Print Works officers in control, and employing 500 people, and the North Pownal Manufacturing Company, also controlled by Arnold Print Works officers, with 600 hands.

The immediate control of the Arnold Print Works, and through that concern, of the various other companies, is in A. C. Houghton and William A. Farwell, his son-in-law. The affairs of all the companies are exceedingly intimate, so that the appointment of a receiver for the Arnold Print Works on the petition of Charles D. Houghton, a nephew of A. C. Houghton, and a creditor of the Arnold Print Works, was followed by receiverships for all the other involved concerns.

The effect of this action is to prevent attachments upon any of the property and any waste in the assets. Under the order of the court the business of all properties must continue in the usual course under the receivership. The aggregate liabilities are estimated at nearly \$10,000,000.

CLAIMS DEMOCRATS WON

Chairman Hudspeth Believes Katzenbach Has Been Elected Governor.

NEW YORK, November 8.—Robert S. Hudspeth, chairman of the New Jersey State Democratic Committee, said to-day that he believes Frank S. Katzenbach, Jr., the Democratic nominee, has been elected Governor of New Jersey by a clean majority. The returns made make public indicate J. Franklin Foster, Republican, was elected by 7,357 plurality. Mr. Hudspeth said:

"If the Democracy has won this fight, it is going to enjoy the fruits of that victory."

Not Opposing Recount.

NEWARK, N. J., November 8.—Former Governor Franklin Murphy, chairman of the Republican State Committee, when told to-day that Chairman Hudspeth, of the Democratic State Committee, had indicated that a recount might be demanded, said the Republican party would not in any way oppose a recount if there were grounds for it. "If there is any doubt as to the election of Justice Fort," he said, "we will stand by him to the end of the rope. The Republican party will not oppose in the slightest degree any plan to get at the expression of the will of the people through a recount, if there appears to be any doubt as to which candidate they desire."

RECEIVER FOR FOWNALL CO.

Corporation Allied with Arnold Print Works in Financial Straits.

BURLINGTON, VT., November 8.—Receivers were appointed for the North Pownal Manufacturing Company, of North Pownal, to-day on petition of the North Adams National Bank of North Adams, Mass., the bill of complaint being filed in the Federal Court here, and the receivership being ordered by Judge Lowell, of North Adams, Mass. The present affairs are due to the financial stringency and the condition of the Arnold Print Works, of North Adams, Mass., to which the North Pownal Company sell its products, and which has been great while, but of a receiver.

The corporation employed about 400 hands in its mills at North Pownal. Henry E. Warner, one of the receivers appointed to-day, is also the receiver of the Arnold Print Works.
